LOTUS CAPRI NATURAL SPRING WATER

Takes its flavor from the natural source growing with the unique nature by enriching with snow and rain falls throughout the year at the summit of the Mountains.

Our Quality Policy

Samples are taken from different stages of production every day and tested in our laboratories in order to make our quality permanent and reliable. The final consumer always savours delicious, healthy and reliable LotusCapri water thanks to time passed without human intervention throughout the production. In our bottling facility, there are laboratories with the latest technology in which microbiological and chemical analyses are carried out.

100%
NATURAL

%100 Natural Spring Water

Lotus Capri Water, which is the real natural spring water produced in Türkiye, is granted Outstanding Flavour Award by iTQi in 2018. iTQi (International Taste and Quality Institute) is an independent organization composed of chefs and sommeliers of which Türkiye is a member. iTQi tests consumer's foods and beverages from all over the world with blind tasting tests and rewards those with outstanding flavour. We would like to thank all our customers who are a party of this success.
